You smell like last night's debate  
But in a pig like appearance faint  
I wrapped the body as it rots in cellophane  
Like adult degrees a dirty thing

You're the aphid  
And I'm a learner, return her

Cause you got overzealous, we had to knock you down  
Ever since the accident, ever since the turn  
Outside is the radio, the car is overturned

The lemon lips lick, laugh, and look that way  
To sip a blood-diluted alcohol  
Oh and I can't wait to get you home  
You better answer me when I get you home

Cause you got overzealous, we had to knock you down  
Picture blinds are closing, picture curtains fall  
You've been water in these stories  
But one day you'll comply  
And I won't be around  
And I won't equalize  
And I won't shield the glare  
When your heart's ripped out  
I won't be around

It pays to be informed
