I've tried everything
Perspercacity
It's true I'm in my prime
I'm in my prime I'm in my prime
But you know well as me
Stuck here on our knees
I can feel it in the air
It's in the air, something big
I'm not prepared

Tonight the satellites will fall
The satellites will fall
Like the San Antonio calling
San Francisco's fault
Just wait

Leave with what you have
Leave quietly at that
Don't bother with your clothes
Your useless garments, books, videos

Quickly, backdoor,
Undetected by a noisy wood floor
Can you really believe how easy it was?

Tonight the satellites will fall
The satellites will fall
Like the San Antonio calling
San Francisco's fault
Just wait

(If the big one, if the big one hits
I'll just meet you there
I'll just meet you there
I'll just meet you there)

(And you've got to put you body upon the gears
Upon the wheels, upon the levers
You've got to pound on the apparatus
You've got to make it stop)

When the big one, when the big one hits
I'll just meet you there
I'll just meet you there
I'll just meet you there

Anything can happen
Anything can happen
Anything can happen
Anything can go wrong
