This for all the people... just pull 'em up!
I'm getting tired seeing all the dirty
I know when I'm walking down the street
Pull 'em up!

Chorus:

Think that it's swagging, cut the pants swagging
Pull your pants up, pull your pants up
Pull em up, pull em up
Pull your pants up, pull your pants up
Pull em up, pull em up
Pull your pants up, pull your pants up
Pull em up, pull em up
Pull your pants up, pull your pants up
Pull em up, what?
Pull em up, what?
Pull em up, what?

Oh, you're Mr. Crew, yeah you're Mr. Fly
You're rapping your fly jeans, you're rapping your fly
shirt
Showing off your... like you're wearing the mini skirt
You can't be serious, you're just so hilarious
I gotta act...
So mamma ain't no fool
So are you showing off your... and you're missing the...
You can't see man, come on, pull 'em up!

Chorus:

Think that it's swagging, cut the pants swagging
Pull your pants up, pull your pants up
Pull em up, pull em up
Pull your pants up, pull your pants up
Pull em up, pull em up
Pull your pants up, pull your pants up
Pull em up, pull em up
Pull your pants up, pull your pants up
Pull em up, what?
Pull em up, what?

The London bridge falling, but... for your pants
You're looking for a job, well give yourself a chance

You're going to school, well pull em up, man
You show up in the club, well how you gonna dance?
You move to the left, left, you move to the right
I think somebody's pants gonna fall till tonight
Now everybody love me and you're ready to fight
You could have been avoided if you did things right

Chorus:

Think that it's swagging, cut the pants swagging
Pull your pants up, pull your pants up
Pull em up, pull em up
Pull your pants up, pull your pants up
Pull em up, pull em up
Pull your pants up, pull your pants up
Pull em up, pull em up
Pull your pants up, pull your pants up
Pull em up, what?
Pull em up, what?
Pull em up!

Pull 'em up boys, what you're thinking about?
Nobody wanna see you with your butt sticking out
Walking down the street...
I thought everybody gonna do the underwear
Then you get mad when the people start to stare
Just pull 'em up, stop fooling around
It's not just your pants, you're pulling all down!
You think you're cool to drag us all down

Chorus:

Think that it's swagging, cut the pants swagging
Pull your pants up, pull your pants up
Pull em up, pull em up
Pull your pants up, pull your pants up

And don't be mad at me for telling what it is
This is just a view from a 9 years old kid!
Trying to live my life, try to handle my biz
But I'm damn sick and tired of all the...
Oh no he did it, oh yes he did
I'm the new... of all the little kids
... my role model seem to be corrupt
... sending on the message to pull the pants up!

Chorus:

Think that it's swagging, cut the pants swagging
Pull your pants up, pull your pants up
Pull em up, pull em up
Pull your pants up, pull your pants up
