A man's a man an a' that, A whisky's a whisky an a' that  
Any whisky is good whisky, Just get me a double please  
From the bar... right now... thank you

I need whisky  
In a bucket not a cup (not a cup)  
Give me whisky  
In a bucket not a cup (not a cup)

He came up to me and said  
"Gimme a whisky"  
As I think it had all got too much  
But what could I do so I got him that whisky  
As I think it had all got too much

I need whisky  
In a bucket not a cup (not a cup)  
Give me whisky  
In a bucket not a cup (in a bucket)

A man's a man an a' that, A whisky's a whisky an a' that  
Any whisky is good whisky, Just get me a treble please  
From the bar... right now... thank you

What would you do if you couldn't get whisky?  
What would you do without the crutch (not a cup)  
Wouldn't life just be too tough without whisky?  
Wouldn't it just be too much? (in a bucket)

He came up to me and said  
"Gimme a whisky"  
As I think it had all got too much  
You'll bury your head and  
You'll drown in that whisky  
Cos I think he had got out of touch

Oh my head!  
My head's killing me man!  
It must have been all that whisky that I drank...  
It's loupin' I'm not jokin'

I need whisky

In a bucket not a cup (not a cup)  
Give me whisky  
In a bucket not a cup (in a bucket)

A man's a man an a' that, A whisky's a whisky an a' that  
Any whisky is good whisky, Just get me a quadruple  
please  
From the bar... right now... thank you

I need whisky  
In a bucket not a cup (not a cup)  
Give me whisky  
In a bucket not a cup (in a bucket)  
I need whisky  
Gimme whisky  
I need whisky  
Gimme whisky Now!
