Ok, so I never thought I'm workin' to live
Alright, out of nothin' I got nothin' to give
Ok, I'm a long-haired thumbin' a van
So what if I am

Ok, I'm a Judas on the family name
Alright, pretty mama's gonna die of the shame
Ok, I'm a tall black sheep of the clan
So what if I am

I am a question you don't understand
Ask a new answer with the back of your hand

Ok, so I'm makin' such a mess of my life
Alright, I'll regret it for the rest of my life
Ok, I'm a kid and think she's a man
So what if I am

I am a question you don't understand
Ask a new answer with the back of your hand

One day - you'll wait and see
People like me - we will take it over

Hey - hey - hey - hey

One day - you'll wait and see
People like me - we will take it over

Ok, alright - so what if I am
Alright, ok - so what if I am
