Just smell like a familiar picture and just describe
yourself
As if your body was simply a bed frame and you lay
Beneath a wall of blankets
Were you warmer that summer or spring and
Did you like how you felt?
Did you enjoy how you felt?
Did you enjoy how you slept?
Did you, did you, did you?

Yes, I was nervous when I painted you from afar
Your hair looked like the sun had bleached you
And no, no, no, no
I no longer need these red coats where I am from
because your new design has reflected towards my
lungs

And I can stand in the sun
And I can breathe from my heart
I enjoy you, I enjoy you, I enjoy you
When you are here I can stand in the sun
And I can breathe from my heart
Do you enjoy me, do you enjoy me, do you enjoy me
when you're here?

And I have met your boyfriends and I have met your
friends
And I frankly want to pretend they don't exist
Or that they never existed
Only me and you and smoke
As I climb on trees and I stand on ships and you're just
the everlasting dream
Or did you just wake me?
Yes, did you just rouse me?
Yes, was I screaming?
Yes, was I panicking?
Or did you just wake me?
Yes, did you just rouse me?
Yes, was I screaming?
Yes, was I panicking?
Do you miss me?

Or do you miss me?

Miss me (x6)
