They stood in the rain
And said that they didn't care
Said they were almost there
And that they were not alone
We are careless souls
Following a careless moon
We sing a careless song
Hung on a careless tune.
They laughed in the sun
Better than anyone
Better than anyone I ever new
Does a careless heart
Tell a careless truth
When a careless dream
Haunts a careless youth?
Where are you now careless child
Were you half way and turned around
Or did you fall from higher ground
Reaching out?
Don't be afraid you won't let us down
Wear your heart like a crown
Don't try to hide what you found
Let it out, let it out.
I thought I knew you then
It's true I know you better now
Yes you'll always be the friend
I'll never be without
We are careless souls
Following a careless moon
We sung a careless song
Hung on a careless tune.
But does a careless heart
Tell a careless truth
When a careless dream
Haunts a careless youth.
Where are you now careless child
Were you half way and turned around
Or did you fall from higher ground
Reaching out?
Don't be afraid you won't let us down
Wear your heart like a crown
Don't try to hide what you found

Let it out, let it out.
