And a best friend is someone who admits to who they
are

You try so hard and you come to be long forgotten

And you push the pace and catch your breath

I'll sing to you

Now all I'll ask is for your forgiveness

'Cause you watch me sink in

And I can't explain

Oh this feeling

And I call your name

Just count your blessings, figure it out

Just say what you mean, say what you mean

Oh I sink in

Oh yeah

'Cause all I need now

Is your forgiveness

And you tune me out and I key in

And you don't treat me the same anymore

Or so it seems

So here it is

I wanted to remind myself of the way it feels

To be held onto but now

I sink in

And I can't explain

Oh this feeling

And I call your name

Just count your blessings, figure it out

Just say what you mean, say what you mean

Oh I sink in

Oh yeah

And all I need now

Is your forgiveness

And all the eyes are on you

And the attention that you asked for

You're gonna break down, you're gonna break down

Just give up now, just give up now

All the eyes are on you

And the attention that you asked for
You're gonna break down, you're gonna break down
Just give up now, just give up now

And all the eyes are on me
And the attention that I asked for
I won't break down, I'll never break down
I won't give up now, won't give up now

And all the eyes are on me
And the attention that I asked for
I won't break down, I'll never break down
I won't give up now, won't give up now

Just count your blessings, figure it out
Just say what you mean, say what you mean
Oh I sink in
Oh yeah
