You have my attention
You're cutting through the silence
Cutting through my heart
Milk teeth couldn't hold me
You thought I would surrender
It's pulling us apart

So I try try try try try
I can never get it right
Will I ever get it right my baby
So I try try try try try
I can never get it right
Will I ever get it right my baby

Nothing could ever feed your
Appetite for reasons
You always wanted more
You've trapped my attention
And I can almost hear you
You're right outside the door

So I try try try try try

I can never get it right
Will I ever get it right my baby
So I try try try try try
I can never get it right
Will I ever get it right my baby

You have tiger teeth
Wrapped around me I swear
You have tiger teeth
Wrapped around me I swear
You have tiger teeth
I'm begging please I swear

(You have tiger teeth
Wrapped around me I swear)

So I try try try try try
I can never get it right
Will I ever get it right my baby

So I try try try try try
I can never get it right
Will I ever get it right my baby
