Hold your head up dear
I'm the one who's wounded here
But I love you still the same

There's patterns on the floor
But I can't look at you any more
That's when you look at me

You pull me down underneath
And my air, I can't breath
I can't sleep , I can't dream
And I can't stop loving you, kill me

30 years down in flames
I gave my heart , I took a name
Took a chance , took a ring
I can't stop loving you, kill me

I close my eyes and say
This can not be happening
Am I the one to blame?

When we rang the wedding bells
Should we have left with someone else?
Is that what you really need?
Is that what you really need?

You pull me down underneath
And my air, I can't breath
I can't sleep , I can't dream
And I can't stop loving you, kill me

30 years down in flames
I gave my heart , I took a name
Took a chance, took a ring
I can't stop loving you, kill me

Everything I've been
Everything I am
My hearts the same as yours
I love you the same

Everything I've been
Everything I am
My hearts the same as yours
I love you the...

(I love you the same)
(I love you the same)
(I love you the same)

Everything I been
Everything I am
My hearts the same yours
I love you the same
