Game over, I'€™™ m an old soul into this land
With my back against the wall
I could dig but I do not dare
Let the show begins, this life ain'€™™ t real
I must burn the evidence
Lost and found, there'€™™ s a whole world within my
mind
Chaos in my eyes, have to try but I do not care (I do not
dare)
Let the hunt begins, this time it'€™™ s real
Hope I survive '€™~till the end

Mr twilight'€™™ s comin'€™™

I wake up in my bed, where'€™™ s the light
shinin'€™™ over me
Almost touch the void, there'€™™ s a door
leadin'€™™ out of here
If I cross the line and stand beside you
Will I find my way back home again

I break the mirror, am I conscious, maybe dead
Once again, addicted to the pills
Pull the trigger with this empty gun and fear the
consequences
Am I cursed

Mr twilight runs through my head

I'€™™ m compromised, I'€™™ m scarred to die
I feel my heartbeat through my hands are tied
I scream out loud, the monster is breathing
I feed him everyday and nights
Will I find my life back home again

Mr twilight'€™™ s comin'€™™

Running, mr twilight runs through my head
Seeking, everybody seeks revenge again
Burning, mr twilight burns out my brain
Turning, I can'€™™ t reach the turning point again
But I can stop the game, you cannot stop this game

Mr twilight is not a game, no way

Running, mr twilight runs through my head
Seeking, everybody seeks revenge again
Burning, mr twilight burns out my brain
Turning, I can't reach the turning point again
I have to stop this game

You can't stop this game, there's no shame
I entertain you, slave to the machine
A new era has come back in the dark
I robbed your mind, I'll dig your body
Slave to the machine
