[INTRO]

Rainbow
Rainbow
You're my rainbow
You're my rainbow
Rainbow

[VERSE]

My feelings so grown for ya
Ooo honey comb
I can't wait till we alone
I'm missin' you over phone
So caught up in this lil' zone for you I'm feignin'
Love it when you send text messages for no reason
Babe listen
Ain't no dismissin' what's written in fine print
Oven cuffin' you like a mitt
And I'm loving you despite limits
Livin' in lights and gimmicks
Stay true to you no kiddin'
If lovin' you is forbidden
Then my head off with it (ha)
You make my sun shine
I call you my Sunshine
Me and you be wildin' my darlin'
Call that a fun time
I ain't even gon say what's up
Just know I found my luck
Cause you I can't get enough of
(Let's go)

[B-HOOK]

Rainbow
My world looks like a Rainbow
I found my pot of gold
Cause baby you're my Rainbow

[HOOK] repeat twice

You make my world look like a Rainbow
Painting pictures with your kisses I love how things flow
With you in my life
My world looks like a Rainbow

You brought me joy after the rain so
You're my Rainbow

[VERSE 2]

Two red hearts all over orange and yellow sofas
You and me up under green trees
Blue skies and blue seas
Purple clouds
Boo we paintin' wild (oh yeh)
But we shouldn't care when they stare
Because we here and they there
So uh yeh
That's all I really wanna let you know
And oh the fact that I ain't never gonna let you go
I ain't even gon say what's up
Just know I found my luck
Cause you I can't get enough of (uh uh)

[B-HOOK]

Rainbow
My world looks like a Rainbow
I found my pot of gold
Cause baby you're my Rainbow

[HOOK] repeat twice

You make my world look like a Rainbow
Painting pictures with your kisses I love how things flow
With you in my life
My world looks like a Rainbow
You brought me joy after the rain so
You're my Rainbow

[BRIDGE]

Somewhere over the Rainbow
I found my love, my love, my love
My Rainbow, Rainbow
You're my Rainbow, Rainbow
