I'll be gone
Before you even notice
The note to leave behind
(No need to say goodbye)

You'll be fine
Need a time to think things over
I would have only made you cry
(Please don't make me cry)

There is nothing for me here
There is nothing for me here

[CHORUS]
I'm bound to roam
Have no home
Need me one
I find a peace
When I sleep
The kingdom come
I live a dream
In the dream
There you are
In the hate
I see your face
Keep on searching for who you are

And sorry,
For I've let myself down
There is no goddess to be found
(I dream another dream)

What did I find
Was the ones I've left behind
Been holding back for all this time
(Live yourself to me)

There must be something for me here
There must be something for me here

CHORUS

Wherever you are
You'll never get far
When I can't find you
Wherever you are
You'll never get far
When I can't dream about you baby

CHORUS x2
