"In The Open, In The Crowd"

Find another place to watch your final days in peace
The rules have all been changed but now you feel that
you are free

Just up above me
If push comes to shove me
There will be enough time

Hurry up you're late and maybe if you make it there
The times you went before will be so dull in your
compare

Just up above me
If push comes to shove me
There will be enough time

Time to linger in the open
Time to linger in the crowd
Watch me for a moment
I've been around

So you were young and articulate
Now you know you won't be regretting it
It's the fear of the pain they say that you will find
Well you made your bed you lie in it
So money over run again
It all somehow just don't work out

Just up above me
If push comes to shove me
There will be enough time

Time to linger in the open
Time to linger in the crowd
Watch me for a moment
I've been around

Time to linger in the open
Time to linger in the crowd
Watch me for a moment
I've been around
