Instrumental Hook)

Brother, Brother Do, I got news for you  
My spark is back and my love is here like new  
Metaphors got lost in a shade of grey  
Like a one trick pony gone astray  
This time I'm goin to do it right  
This time I'm goin to win.

Oh brother, oh brother  
It's a wonderful world  
Tell me where I've been

(Hook)

Oh mama, mama, lovely dress lovely smile  
I can't believe you waited all this while  
Another rainy day would have broke the levee  
I understand your pain now please forgive me  
Some times the mountains too high  
Sometimes the valley's too low  
Oh mama, oh mama our boat's now a ship

(Chorus)

Mama, mama, mama, I'm in love  
yes mama, mama, mama, I'm in love  
Brother, brother, brother, I'm back in

(bridge)

You think I act strange  
Maybe just a little funny  
Let tell you when it changed  
Last night when it was sunny  
In the middle of the night.

(Chorus)
