To all my niggaz incarcerated  
I take you to the depths of street knowledge  
Law Library part 3, the saga continues  
Thug-A-Cation

(Hook)  
They want collateral when you sitting in the cell  
Take these bars and bail your man outta jail  
The eye in the sky, the ears on the wire  
Conspiracy it's on fire  
I got the keys to your cell, come on y'all hurry  
Welcome to part 3, Law Library (repeat)

An innocent man sitting in the can  
Pondering damn, "how did I get in this jam?"  
It happens everyday from New York to the south  
Easy to go to jail but it's hard to get out  
'Cause you hung around every then and now with him  
So when they took him down they took you down with him  
'Cause you don't gotta commit the crime physically  
You don't even gotta commit the crime willingly  
If you know about the crime and you not snitchin' G  
They could hit you with that charge called conspiracy  
Take a loan from a bank, I'm borrowing money  
I take a loan from my homies, I'm laundering money  
If I loan my man some bread to go a get a key  
And he go and flip that money and bring it back to me  
It's called enterprise corruption, E Felony  
They could hit me with that charge called conspiracy  
To all the pimps out there scooping them young broads  
up  
Got 'em on the strip working for small bucks  
Any person over 18 regardless of what  
Agrees with one or more persons under 16, y'all stuck  
To engage in or cause the performance of such  
conduct  
They bringing that conspiracy charge up  
The game is full of Rico Laws and this corruption  
charge stuff  
Its washed up, we could make an out-of-town move  
But plan it in New York State

If you go and catch a case in a whole 'nother place  
They could charge you with conspiracy still make the  
conviction  
In New York and in the other jurisdiction  
But if you listen to these words of wisdom  
You could beat the system  
'Cause a person can not be convicted of conspiracy  
within the law  
By something called pleading the proof, this is the law  
Unless the Overt Act is alleged and proved  
To have been committed by one of the conspirators  
So be careful when you make affiliations  
'Cause you could be guilty by association  
The law makers is constantly creating  
Ways to enforce incarceration  
What's the next chapter in my archive?
