(Intro)

Yo Pap, yo son,
Wutchu doin out here this late son
Hey nah I came to the 24h store and all that
Out here fuckin and playin dice with these niggas man
Aye you know my style
Man, IÂ'm just makin it rain and it calls your lady, IÂ'm
bout to take it in man
Yea, me too man
Yea, itÂ's like 4 in the morning man
Take it in dog
ItÂ's 4 oÂ'clock, yea weÂ'll get some rest

(Verse)

Ayo I left the corner 4 in the morning
HennyÂ'd up, hit the crib, tumbled down the stairs
Pick me up
Overheard my own people planning to hit me up
And they ainÂ't even know I was listening, silly fucks
That Oby stuntin, yo sun town kidneys up
And clappin him on the top of his head, thatÂ's to be
dub
I dug in my pockets so I could load the millie up
And all I felt was philly blunts, IÂ'm pissy drunk
Body me, how can it be? We blood brothers
We hit behind the same cars with slugs hallin
We talk about the future and rise to the bar coder
But now you got envisions of making this dog suffer
Thinking Â- what couldÂ've made him flip?
Is he a blood and he think IÂ'm crip?
Is he in love and I hit his chick
No time to think, creep like a night burglar
Â'Cause for my life ballin sight, murder vice versa
I bust through the door ready to let my iron boom
IÂ'mma turn this living room to the dying room
Turn the bathroom to the blastroom
Bedroom to the deadroom
Plain left em red, dead do em

(Interlude)

Ayo Pap, remember that kid trap beat went back in

À'94?

What about him?

Yea, well that coward nigga home now

And he talkin reckless nigga

Word?

Meet me on time so I can kick it with you

No doubt

You know how itÀ's gonna go down

(Verse)

Word in the ghetto this kid I had drama with before

In same tone just came home, he want a war

That black on black crom itÀ's one truthly

But if my brother try to do me I have to FE5 in the
spooky

Who tryin to shoot me? Gotta be loony tryna go against
my block with the tooly

ThatÀ's like a ox to a uzzi

Thought that will one of them live so we hopped in the
hoopty

Hit his crib, caught him in the bathroom watchin a
movie

I asked a few questions, he tried to fool me

So I electrocuted him, I kicked the TV inside the Jacuzzi

Some naked cutie ran in the room screaming donÀ't
shoot me

My bullets hit her dead and a cooty came out her booty

I grab this chick named Ruby, put er to a Dooby

And made er tell me where the rest of the crew be

Soon as we hit the other spot

Yo park the car in the other block

Keep it runnin cuz if they see us comin IÀ'm sellin hap

Shut the fuck up, IÀ'm runnin the shots

In fact Blacka take the Max back and clack past that

The other block hopped out of the car, gets cocked,
ready to rock

Pull right up on the side and bust an offduty cop

I told him letÀ's make a deal, split it partially

You donÀ't disrespect my robbery I wonÀ't disconnect
yo arteries

He poofed and didnÀ't bother me, sorta hire me

My niggas bought a call on me screwing er with
authority

Bum rushed out way in the dorm, rage of a war

Waving a 4, yall know what this is, stay on the floor

I pick one of them up and put his face to the wall

Told him I want the guns, drugs, jewels papers and all
but he stall

He tried to lie and say some chick had it

Soon as he said these words, boom, I gave him a
miscarriage

Put the money in the big baggin
I saw 2 of the dreads on the floor chit chattin and slick
actin
I told em I picture you flitch faggie
With strong grabbed the big ratchet from flip jacket
and shit shattered
We walked out of the building, hold the cases of loo
When we made it off the stu niggas was blazin off the
roof
My man tumbled down the bedroom steps
Grabbed him by his shoulder, turned him over, looked
in the face of death
He was shaken stretched trembling, sighing the shit
I take the money out his pocket, no sense of dying with
this
Cock the hammer on my iron and spit on everybody
cryin, IÂ'm hit
My whole life relied on my clique
Ran out of bullets, niggas pullin up behind me in whips
Bat me down, looked around, all my carmies was hit
To all the thugs still breathing, take a deep breath
He who live the street life shall die a street death
