Cause when I rapper get hot they can't stop it.
Billboard chart straight to the top kid
I don't know maybe I'm a profit
But damn r.l.p to johnny cockren
You give me strength when I'm facing the world
That's why I buy the best diamond and your favorite
pearls
If it was mine I woulda gave you the world
I'm dedicating this one to my favorite girl

You are my girl,
You don't like it when I call you that
You say no I'm your wife I'm not yo girl pap
You are my girl,
You don't like it when I call you that
You say no I'm your wife I'm not yo girl pap

Every other day you see me in the news paper
Every other day you see my face on the news
I didn't come in this game to cause controversy
They don't understand me; the world is confused
I was raised in bed-stuy so I gotta stand up for my
women
I'm a stand up guy and the ceos is not to smart
I would need her hand cuff key when I got the key to ya
heart
You had no father so you want me to replace him
Told my daughters the same that I must educate them
I'm only papoose girl I gotta save him
They killed sean bell they exonerated them
Black on black crime they get us convicted
When it's white against black they get them acquitted
If I could talk to the judge I'll let her know
I wish she can lock me up and let you go

My baby girl
You are my girl
Always sittin on daddy lap
You say daddy in yo daughter why you call me that
You are my girl
Always sittin on daddy lap

You say daddy in yo daughter why you call me that

Mamas baby and papas maybe
That sound kinda crazy
She cried when her moms tried to put her in the bed
She wanted daddy to put her
Cause daddy understood her
She cried when her moms tried to push her in the
stroller
She wanted daddy to push her
Ain't wanted to go to skoo unless daddy took her
Girl stop teasin yo brother cause he eat his buggers
Come over here and give daddy some sugar
I discipline her cause it makes her smarter
Left some money in the bank for ya
You'll be rich tomorrow
Take her to the beauty parlor and my son to the barber
Teach them how to play something
Besides cops and robbers
You grow up lifes gonna be harder
Only marry yo boyfriend if he's a better man then yo
father
My sons gonna be stronger
Boys stay attached to there mother
Girls attached to they father

My baby girl
You are my girl
You don't like it when I call you that
You say no I'm yo mother I'm not yo girl pap
My baby girl
You are my girl
You don't like it when I call you that
You say no I'm yo mother I'm not yo girl pap

If I forget about my mother
She will whoop my ass
That's why I had to save the best for last
Everything I wanted under the Christmas tree
With out you they wouldn't be no me
I use to tell I wanted to be a rapper
She told me you can do it
My momma she pretty as Cleopatra
And man I hate liars they deserve to suffer
They so quick to say a word to they mother
My man O lost his moms he took it like a man
Darrell lost his moms and he took it like I man
Slay lost his grand mother and her took it like a man
That's a part of life I don't understand
Call me a mommas boy no a mommas man
I couldn't even keep a steady hand

God forbid I guess you more man then me nigga
The day I lose my moms I'm goin with her

My baby girl
You give me strength when I'm facing the world
That's why I buy the best diamonds and yo favorite
peals
If it was mine I would gave you the world
That's why in dedicating this one to my favorite girl

This song is dedicated to all the females in my life
With out them there would be no us
The mothers the aunts the sisters the grandmothers
The wives but last but not least the daughters
You gotta take care of them
You don't like it when I call you that
You say no
I'm yo mother I'm not yo girl pap
You are my girl
You don't like it when I call you that
You say no I'm yo mother I'm not yo girl pap
