[DJ Kay Slay]

DJ Kay Slay, the Drama King

I'm in the building wit' my nigga Papoose

And all y'all rap niggaz know you can't fuck around

[Talking]

All you hear all day

Papoose this, Papoose that

Who is this guy man?

Who is Papoose?

[Hook]

His presence alone is a threat to these rap groups

This cat's loose, yo what the fuck is a papoose?

I heard his street soldiers is wild and clap troops

This cat's loose, yo what the fuck is a papoose?

I heard him on a mixtape tearin' the track loose

What the fuck is a papoose?

[Papoose]

I'm the number one rapper ready for challengers

Who the fuck calculated your algebra?

My ineffiecient, un fascinated ambassadors

I'm the first king, them faggots dated your calendar

Rappin' since my forefather ejaculated in Africa

Way ahead of headline, agentators and characters

Heads like yours get decapitated in anarca

Prison's uncaptivated the wilder 'cause

Guns run in my family, even got gats related to
silencers

Cop chasers assasinatin' my stanima

Load guns like computers so I activated my caliber

Killers walk around dirty, when the gun blast

I'll give 'em lead showers, make 'em take a bloodbath

To blow trial, 1-8-7 is thug math

Real thugs laugh and hawk spit in the judge' glass

In jail CO's walk around like zookeepers

My niggaz been to the ??? more than a schoolteacher

Broke the court's law, I threw a brick off the fourth floor

Outweighed cops, I'm hardcore, they softcore

Four walls, my gun-game is raw dog

While y'all shootin' videos I'm shootin' .44's

Life achiever, lifetime life achiever
And I use flames from hell to ignite my cheeba
It's never been nothin' pretty when I light this heater
If God don't like ugly, I don't like him neither
niggaz quick to flip, claimin' they run wit' a killer click
They be flippin' scripts, callin' police and givin' tips
Click the fifth when the last nigga snitched (*click-
click*)
You would've thought he swallowed semen
The way I had him shittin' bricks
Judges want to sit on they butts and rule other brothers
So I show the butt of my gun and more cops suffer
My platoon rocks suckers, you dudes cop lovers
In your boombox, whose rock, Boondocks knuckles
East, West, niggaz know me when I'm holdin' the mic
Got them down south niggaz sayin' "Wodie you nice!"
Time's apployal, a prophet could define tommorrow
Knowledge is food for thought so I wisely swallow
Never say never mind, so respect the mind that got you
Forever clever mind, so the nevermind we bobble
Is it me or nowadays everybody macho
New Jack hustlers, niggaz called Pabey Pancho
But we're strong, I've been coppin' so long
We on a first name basis, so now I call Pabey, Pablo
And I don't leave leads for F.B.I. to follow
41 shot's, leave me like that guy Dialo
Say bullets don't got a name but I sign these hollows
Y'all niggaz is suicide, we homo(homocide)
Keep a Y.G. model, if I get put in a coma don't supply
me sorrow
Pour hennessey in my I.V. bottle
'Cause I represent everything in existence trying to
grow

[DJ Kay Slay]

Yo what the fuck is a papoose?

[Papoose]

I don't know

[Hook]

[DJ Kay Slay]

What the fuck a papoose is now!

Bitch ass niggaz, let's go!
