Honey luv, you are my baby
Honey luv, you drive me crazy
Honey luv, never get enough of loving you
Honey luv, you are my baby

I took me a trip down to Jamaica
drinking rum, bubblen with rasta farians
Ã... 'cause IÃ,Â¹m on the rebound from my last gig
all I want is get bomb and mind my own biz
I never thought I could ever get hooked
I never thought thereÃ,Â¹d be someone like you
that can read me like a book, clear like 7-Up
after talking with you it seems like time has stoped
Thinking of a way for me to get closer
You on my mind, lonely days are over
youÃ,Â¹re the liquid oil, sweeter than sugar
IÃ,Â¹m addicted, all time loser
Ã... 'cause IÃ,Â¹m afraid that you might rurn me down
and turn my life around, face down to the ground
I wanna let you know that your all to me
come be my girl, see I need some Honey

Honey luv, you are my baby
Honey luv, you drive me crazy
Honey luv, never get enough of loving you
Honey luv, you are my baby

Honey luv, never get enough love - love
you are my baby
Honey luv, never get enough love - love
You are my honey, Honey luv
Honey, your so lovely, we be swimming naked
you on my mind and my heart is aching
Baby, tell me is there a man in your life
there is - now tell me, are you gonna be his wife
donÃ,Â¹t you answer that, cause IÃ,Â¹ve got plans for
you
Snetch you from your man, take your ass on a cruise
where to, IÃ,Â¹ll take you to Timbouctou
By the time weÃ,Â¹re back youÃ,Â¹ve got a kid or two
look here in my eye canÃ,Â¹t you see IÃ,Â¹m serious
without you over here my whole life is meeningless

Let nature take it's course, let's take it real slow
and if your good to go I'll merry you tomorrow
'cause I've never been this sure about a thing in
my life

God bless the day that I make you my wife
You know I'm the BEAR and teh BEAR is lucky
I'll give away all my money for the lifetime Honey

Honey luv, you are my baby
Honey luv, you drive me crazy
Honey luv, never get enough of loving you
Honey luv, you are my baby

Honey luv, never get enough love - love
you are my baby
Honey luv, never get enough love - love
You are my honey, Honey luv
