Featuring Van Der Toorn

And when the rain begins to fall

You ride my rainbow in the sky

And I will catch you if you fall

You never have to ask me why

And when the rain begins to fall

I'll be the sunshine in your life

You know that we could have it all

And everything will be alright

Contemplating away to give Thanx,

to the one person that was there to hold my hand.

That's the one person who was there, even when she wasn't there.

Never cared and kept focused and raised a strong BEAR.

By herself and three kids in a strange country.

Educate yourself and the kids with short money

wise words to guide you when your outdoors

and the respect to get when you're indoors.

From better to worse, from worse to terrible.

For what you've achieved - yeah, it's incredible, and you taught me how to stay a black man,

learned how to say sorry and how to say thanx.

I guess, there's no other way for me to express,

but I'm sure that you know, so for this - God bless!

I wish for my MAMA to live forever

and for this I'll be there in any kind of weather.

And when the rain begins to fall

You ride my rainbow in the sky

And I will catch you if you fall

You never have to ask me why

And when the rain begins to fall

I'll be the sunshine in your life

You know that we could have it all

And everything will be alright

When the rain starts poring down from up above

- may every drop be a symbol of my love,

cause I'm a grown man, now, let me state,

cause, if it wasn't for you, I wouldn't be here today.

On various occasions you bailed me out, swear me out, and say: Hey, Boy, shut your mouth!

Now, IÃm my own man, with my own ways,  
love for my peeps, oh Lord, I prays.  
For you to live forever and be amazed,  
how your boy could chase all the rainy days away.  
Bring the sunshine and joy every day  
Yeah, thatÃs your boy, yeah, thatÃs the BEAR!  
Oh, donÃt you know what we could have, Baby ?  
You know that we, we should be together - Forever  
And when the rain begins to fall  
You ride my rainbow in the sky  
And I will catch you if you fall  
YouÃll never have to ask me why  
And when the rain begins to fall  
IÃll be the sunshine in your life  
IÃll be your sunshine  
You know that we could have it all  
And everything will be alright  
I will be your rain - YouÃll be my sunshine
