Hurry
I can't wait
X4

Ooooooh no
Don't make me wait

You never know when you have a chance
To say you loved and lived romance
Another day to prove it's true
The time has come for me and you
In the middle of the day
When the sun is shining down
I hold my head up high
And I look at love around
There are people walking by
Trying to find their way
On a quest for harmony
So take my hand
And follow me
Only true love can set me free
Yeah

Hurry hurry don't be late
Don't make this love wait
X4

I won't wait

Hurry
I can't wait
X2

I'm never having another chance
To really love and live romance
Another day is gonna prove
There's still time for me and you
Can pieces of a dream
So suddenly come true
And sweetly change your point of view
Coz here I am
All for you

I played my hand
Please play yours too

Hurry hurry don't be late
Don't make this love wait
X4

I won't wait

Hurry
I can't wait
X4

Hurry hurry don't be late
Don't make this love wait
X4
