We're the lilies of the field
Covered by the sun
We're the sparrows of the air
Lifted by his love

Ou, ou, ou, seasons come and go
He is ever closer

To take the last breathe here
Is to leave behind the tears we cry
With nothing left to fear
We're running to our savior

Oh the mystery of His ways
We cannot explain
Still we hold fast to His word
All is not in vain

Ou, ou, ou, holding to this hope
He is ever closer

To take the last breathe here
Is to leave behind the tears we cry
With nothing left to fear
We're running to our savior

Seasons come and go
He is ever closer

We are welcomed home
And home is with our savior

To take the last breathe here
Is to leave behind the tears we cry
With nothing left to fear
We're running to our savior
We are running to our savior
Running to our savior
