You sleep just like a baby  
After you've been holdin' me  
With tenderness and with love

And as I watch you sleepin'  
My heart builds up with feelings  
That make me cry the tears of love

We are one  
You and me baby  
In body and soul

We are one  
We take care of our special love  
And when the mornin' comes  
And in the face of the sun  
We'll still be together

We are one  
We are one

As I watch you sleepin'  
I wonder how I'd ever live without you dear  
Oh, without your love

My fingers trace your brow  
And then I feel a tingle deep inside, takin' a high  
We were makin' love, oh love

We are one  
You and me baby  
In body and soul

We are one  
We take care of our special love  
And when the mornin' comes  
And in the face of the sun  
We'll still be together

We are one  
We are one

And when the mornin' comes  
And in the face of the sun  
We'll still be together

We are one  
We are one
