Verse 1:

I take the car and drive the night
The white stripes blur and ease my mind
When all that's left is a single line
Instead of this confusion
And I'm not certain of the way it was
And I'm not sure what I could of done
Oh but I wonder if it had been enough
To stop her from leaving
And I realize the only thing I know is

Chorus:

She said , I'm in love with some one else she said
I fell in love with some one else and I
I'm in love with some one and that's all that I know for
sure

Verse 2:

I stop the car and close my eyes
I can see her face, but It takes a while
And it feeds it like the morning light
Slow and unfocused, So I go home and
She's sitting on the kitchen chair
Oh a suitcase waiting by the stairs
Oh they're both worn out from all the years
They're ready to let go
And I realize the only thing that's sure is

Chorus:

She said , I'm in love with some one else she said
I fell in love with some one else and I
I'm in love with some one and that's all that I know for
sure
She's in love with some one else she said
She fell in love with some one else and that
She's in love with some one and that's all that I know
for sure

Bridge:

And I'm on my knees
And I'm on my knees
And I'm on my knees
And I'm on my knees
Yes and I realize the only thing I know is

Chorus:

She said , I'm in love with some one else she said
I fell in love with some one else and I
I'm in love with some one and that's all that I know for
sure
She's in love with some one else she said
She fell in love with some one else and that
She's in love with some one and that's all that I know
for sure

I fell in love with some one else and I
I'm in love with some one and that's all that I know for
sure
She's in love with some one else she said
She fell in love with some one else and that
She's in love with some one and that's all that I know
for sure
