Bring it back.

Clenched fists with fierce hate
Violence used every day
Crashed into a world where no one has a thing to say

A different face from everyone you meet
This indifference is killing me
The days are passing by
But still I can't figure out what you are all about

'Cause only one truth will last
Gave you all I had and it's all I've got
'Cause only one truth will last
Still you pass your judgement down on me
'Cause only one truth will last
Gave you all I had and it's all I've got
'Cause only one truth will last
Educated by pride, strength the attitude

Beating them down in everyday life
That's what we believe
That's what it's all about
With nothing left to gain
But freedom in this game
Your own game

Lower
I can't keep crawling under
I can't seem to get out of this hell
While this world keeps me still

Are you someone who comes to me like an angel
But is nothing but the fucking Devil
Bring it back
