I know you're sad, and you have every right to be.
I know you're mad, but please don't hide your heart
from me.

You look so cold, so baby go put a blanket on.
It hurts I know, but you look better with a smile on.

Well darling, friends are here to be just what you need;
To help you realize that you're worth everything.
So don't forget the words that I have said to you.
And don't forget the fact that I am here for you;
Oh just for you. I love you. I love you.
