Open your eyes with ease. Take in the gentle breeze.  
Wake up your shaky knees and command all the doubt  
to flee.

I'm watching the sun and moon dance on the ocean  
blue while  
Remeniscing of me and you; You can't open your heart  
too soon.

Well today's not tomorrow so what are you waiting for?  
Turn back the clock of your memories.  
Look forward to what's in store.  
Take change with the season. Go back to a shining day.  
Put in park your tears and fears and open the springs  
of May.  
Wake up today and go back to the springs of May.

Your fears don't believe me and I can't blame you.  
All I ask is to trust in me and see that honesty is key to  
truth  
For me and you.

Through human cries when our hearts draw closer and  
Faded lies when the light glows stronger.  
I could tell that it wasn't me creating our symphony.

Today's not tomorrow so what are you waiting for?  
Turn back the clock of your memories.  
Look forward to what's in store.  
Take change with the season. Go back to a shining day.  
Put in park your tears and fears and open the springs  
of May.  
Wake up today and go back to the springs of May.

I'll take you on a trip with me  
And our hearts can grasp infinity in you.  
And all that you need to do is know that

Today's not tomorrow so what are you waiting for?  
Turn back the clock of your memories.  
Look forward to what's in store.  
Take change with the season. Go back to a shining day.

Put in park your tears and fears and open the springs  
of May.

Wake up today and go back to the springs of May.
