Rainey Daze make me remember the love, of how it use  
to be  
The way we both laughed together, its now just a  
memory

The love we both shared is a love for the age  
A love full of sweet spice but without the wisdom of the  
sage

All I can see now are images that have passed,  
So what is the secret to making love last

Now I walk in confusion, as I walk through a maze  
Just when I think I am out, here comes that Rainy Daze

(Chorus Its just the rain that falls, its just water that  
draws all these feelings from me, your love can set me  
free)

Chorus Its just the rain that falls, its just water that  
draws all these feelings from me, your love can set me  
free

I really miss you dear, and I want you near to me  
I miss your sweet kiss, and the way we use to be

You gave me so much, like no other could ever give

Don't give up on us; we can still yet be one

(Chorus) Its just the rain that falls, its just water that  
draws all these feelings from me, your love can set me  
free

Chorus Its just the rain that falls, its just water that  
draws all these feelings from me, your love can set me  
free

The rain is still falling, but my love is still true, Its when I  
hear the rain that my heart really needs you

(Chorus) Its just the rain that falls, its just water that

draws all these feelings from me, your love can set me  
free

Chorus Its just the rain that falls, its just water that  
draws all these feelings from me, your love can set me  
free

It is just the rain-  
I miss you and I need you baby  
Give me one more chance, to make it right
