You used to be everything I needed
Committed my life to you
I said I'd always follow where you lead me
Thought that your love was true
But I don't believe in fairy tales anymore
Cause you let me down
Got me writing songs about the way you left me lonely
I don't need you now

Bye bye broken heart
You can keep your sad stories
I don't need the worries
I know I'll be better off without you
When you're gone I'll be fine broken heart, broken
heart

So here we are
Parting ways
Hoped I'd never see this day
I thought about everything that I would say
As you were leaving
I don't care about that anymore
It's not worth my time
Watching you walk out the door is peace of mind
I'm moving on with my life, so

Bye bye broken heart
You can keep your sad stories
I don't need the worries
I know I'll be better off without you
When you're gone I'll be fine broken heart, broken
heart

You keep your lies
I'll keep my trust
Invested time while you never
(Gave no love)
Waited patiently for something that would never come
So goodbye, goodbye broken heart

Keep your sad stories
I don't need the worries

I know I'll be better off without you
When you're gone I'll be fine broken heart, broken
heart

Broken heart vamp out
