Verse 1

This life is burning with all of the people around
Us will they make us fall, or will they make us
Hide in fear in the shadows

Chorus

So take back your apologies and all the times you said
you loved me and walk out of my life for all I care
And keep walking untill you have walked right off of
this so called fucked up world (worlddddddd)

Verse 2

We know the souls of the revengeful as the
motherfuckers whoput us in this misoury are dying all
around us
As the knife starts to bring pain the only thing that we
know to do is keep digging untill every last fucking
drop of the memories of this fucking time bomb known
as earth disappears.

Chorus

So take back your apologies and all the times you said
you loved me and walk out of my fucking life and keep
walking untill you walk right off of this fucked up world

Outro

Leave me (leave this)
Alone (FUCKED UP WORLD!)
