"My Innermost"

Visit "[My Innermost](#)" on MotoLyrics.com

I feel the emptiness
Inside my soul
So cold
I fight against my tears
I'm crying silent
Hold me

Hold my hand and take me to my Innermost
There where I can remember
What I feel now
Deeper to my soul
Myself
To the Innermost where I remember
What I feel

I loose my balance now
Inside of me
Guide me
I fight against the pain
For the salvation
Heal me

Flying leaves everywhere
Gliding feathers in the air
And I know
I will fly

Hold my hand and take me to my Innermost
There where I can remember
What I feel now
Deeper to my soul
Myself
To the Innermost where I remember
What I feel
