Like a phoenix back from death
Life's not so different since I fell
I see that everything wasn't wrong
I'm back again, nothing was lost

Breathing new life, embrace my fate
Look around and believe again

All I thought, all I swore
All that made retract my wings
I see that everything wasn't wrong
I'm back again, nothing was lost

Breathing new life, embrace my fate
Look around and believe again

Reborn, release from pain
I just see the light
Now I can dream again
Reborn, a new found faith
I just see my face smile
I will live again... Yeah!

Agony... I cannot feel
Weathered face filled with dry tears
There's no fear in my heart
I am reborn
There is always something to fight for
Echoes of another life ain't gonna cloud my mind
No... No... Never again!

Solo: Guillermo Izquierdo

It's time to fly up to the sky
Against the wind, rise on fire
I see that everything wasn't wrong
I'm back again, nothing was lost

Breathing new life, embrace my fate
Look around and believe again

Reborn, release from pain
I just see the light
Now I can dream again
Reborn, a new found faith
I just see my face smile
I will live again... Yeah!
