Then let you found, without a price
And be defined, surrender
No comfort time, no sleep aside
Until I find your answer

I can't understand who you are and you dare
To pretend to be broken without any pain
My reason of angry, always people like you
Who can win anything never wanting to lose

A favour, a favour

Presenting a life, outstanding in time
A personal lie, one more secret tonight
I see all inside, in your mind and you cry
The reason of pride did not help you so far

Chorus:

Follow me this way
To the morning day
Please don't run away
I don't feel OK
Follow me this way
To the morning day
Please don't run away
I could never be the same

I lead you home and on the road
We speak no more about us
The day is new, the feeling true
You promised me to be there

Presenting a life, outstanding in time
A personal lie, one more secret tonight
I see all inside, in your mind and you cry
The reason of pride did not help you so far

Chorus:

Follow me this way
To the morning day
Please don't run away
I don't feel OK

Follow me this way
To the mornĀfĀfĀ,Āng day
Please don't run away
I could never be the same
