Hi, my name is..
My brain is dead weight
Do you like violence?

Hi, my name is .. angerfist
Do you like violence?
My brain is dead weight

Hi, my name is .. angerfist
Do you like violence?

My brain is dead weight
Do you like violence? (x??)

I'm more or less sick in the head, maybe more 'cuz I
smoked crack yesterday, today and the day before
(x??)

Fuck an acid tab
I'll strap the whole sheet to my forehead
Wait until it absorbed in and fell to the floor dead

Walk the block with a labrador
Strapit more corral for war than El Salvador
Foul style galore
Verbal cow manure
Coming together like the eyebrow on Al B. Sure

Fuck an acid tab
