You've got the wrong idea you've got no reason to believe what you are and what you always try to be is wrong and I won't join you fantasy I've got this silly notion you've got something against me problem solved but what you did was truly wrong that's right now I won't put up a fight someday we'll get you packback for the day we met you who you gonna call when your friends are gone this time you'll know what you've done wrong I can't explain your actions I've got no means to understand something's wrong it's something we should talk about you don't know but now I'm left without a doubt there can be no exception there can be no room for debate it's not resolved but I had no plans to get involved that's right now you have got to make it right I don't know if I'd agree what you did it bothers me now won't you tag along yeah hey
