

Animosity "Elements"

Visit "[Elements](#)" on MotoLyrics.com

Elements and sea wind fire
Designs to contempt
Sea to currents
Pearls to storm and memoir
Elementals the surface
Calls the storms and sinners
Silence breaks the distorts
Circle of implication
Waves of contempt the poison
Bombs over disarm the solitude sky
Consumed by your theory
The portals the revive
Isolation the bombs deodorant
Contempt is your poison
Break the silence
Letters the breathless
Cottage by the saw the circle
Letters by your cottage
Story starts stranger
Evolve the sky falls
