"Blood Of Another"

You'll see the blood - blood of another
You'll see the blood as we roll in it together
You'll see the blood - blood of another
You'll see the blood as we roll in it together tonight

That unruly life is like what is fabled wisdom like?
This indulgent grace is spinning round and leaving all
behind
Knowledge limits you besides claiming you're so sure
by vibes
In this frozen climate the temperature should bring you
down
To rights beauty, purity inside
Twisted madness filth and vice death is not selective
The darker shroud will fall on all despite recklessness
The fault in mind anger laughter can't provide
Try to turn a blind eye the wasting pain
One trip you cannot buy...
