Lying here alone and cold  
And I'm waiting for the dawn  
Laughter at my every move  
As if crippled by my thoughts  
And I'm burning cold, burning cold

You prevail in the end  
(Unlike your god's obscenity)  
Hating the disgrace  
(Of a child's insanity)  
I'm taken all the more  
And I'll take all that I see  
You'll do it all for me (is this the end - it cannot be)

All the more, you feed off my rejection  
All the more, I tear your soul in two  
Lonely are my tears of pain  
And I'm punished by their cause  
I'll rest on my burning throne  
A release I move towards is eternal sleep

And I'm burning cold  
And it keeps me locked away  
And it keeps me locked away  
And it keeps me locked away  
Away

All the more, I battle through the heartache[  
All the more, I'd lay myself to rest
