People say, I'm in the way  
People say, never betray  
Oh, when I've gone, when I've gone  
You'll turn to me when I've gone, when I've gone

Need a little understanding for all I've done  
In another situation, I don't belong, belong

Every day humiliate  
Every way solemn in trait  
Oh, when I've gone, when I've gone  
You'll turn the key when I've gone, don't belong

Need a little understanding for all I've done  
In another situation, I don't belong  
Need a little understanding for all I've done  
In another situation, I would belong, belong

Need a little understanding for all I've done  
In another situation, I don't belong  
Need a little understanding for all I've done  
In another situation, I would belong, belong
