The harder I try  
Seems the further I fall  
The deeper my love seems to be  
And I know that I  
Never doubted at all  
That someone was waiting for me  
Then out of the blue  
It was over  
And how did you think I would survive

Cos it's cold outside  
Yes it's cold outside of your heart  
Cos it's cold outside  
Yes it's cold outside of your heart  
I never thought it could happen to me  
Like the one that gets you  
That you just don't see  
And now I don't want to be free  
I thought it was always to be  
That someone was waiting for me

The longer the shadows  
Become in my life  
The colder the breeze seems to be  
The days roll on by  
Still I can't quite believe  
That someone's not waiting for me

The flame of desire  
Is still burning  
The warmth of your body close to mine

Cos it's cold outside  
Yes it's cold outside of your heart  
Cos it's cold outside  
Yes it's cold outside of your heart  
It's a big world to face all alone  
And I'm begging you now just to come on home  
Cos I, I don't want to be free  
I thought it was always to be  
That someone was waiting for me

You know that it's you I need  
You see I refuse to believe  
That someone's not waiting for me
