It's worth fighting for  
Failing now I wonder, turn the other way

Don't let me dream at all, don't let me sleep  
Don't let me dream at all, there's something that's a  
part of me  
Must never be revealed, a rushing that just starts in me  
It's never to be seen

It's worth fighting for  
Fading down to under, turn the other way

Afraid and down I wander, damned & disobeyed  
There's something that just starts in me,  
It never can redeem  
There's something that's regarding me, you never  
would believe

Down I wander  
Don't let me dream at all, don't let me sleep  
Don't let me dream at all

Failing now I wonder, turn the other way  
It's worth fighting for  
It's worth fighting for  
Failing now I wonder, turn the other way
