Still spinning round in my head,  
How I regret everything that I said  
Why did I tell you to go?  
Saving my pride, but losing my soul  
I'm here all alone, still wait by the phone  
The hours go by, what else could I do but to cry?

I call and I call, just to make things right  
Have I lost the fight, where were you last night?  
I beg and I cry, I keep asking why  
Where were you last night,  
Where were you last night?

Lost in the dark and my fears,  
If only you saw the tracks of my tears  
I think I'm losing my mind,  
Where did you go and what did you find?  
I'm here all alone, still wait by the phone  
The hours go by, what else could I do but to cry?

I call and I call, just to make things right  
Have I lost the fight, where were you last night?

I beg and I cry, I keep asking why  
Where were you last night, where were you last night?

I call and I call, just to make things right  
Have I lost the fight, where were you last night?  
I beg and I cry, I keep asking why  
Where were you last night, where were you last night?

I'm here all alone, still wait by the phone  
The hours go by, what else could I do but to cry?  
I call and I call, just to make things right  
Have I lost the fight, where were you last night?  
I beg and I cry

I call and I call, just to make things right  
Have I lost the fight, where were you last night?  
I beg and I cry, I keep asking why  
Where were you last night, where were you last night?  
Where were you last night, where were you last night?
