

## Ankla "Seasons Never Change"

Visit "[Seasons Never Change](#)" on MotoLyrics.com

People and seasons always the same shit  
Changed by time but running in the same place  
Like a circle can't find another way  
Loser one day, can't be a winner another day

Time passed  
Never come back  
It's too late

I spit on all you say  
Because you live lying to yourself  
Let's try one more time  
You can't recover your past

Too fake/too bad/too false/too wrong  
Too dry/too cold/too sick/too burned  
SEASONS NEVER CHANGE - NEVER

You say mistakes no more  
Now it's gonna be way different  
Stop talking all this bullshit  
Let's prove all you say

Never motherfucker  
Over and over the same...  
People  
Never, ever  
Change
