Intro: Yeah~ yeah~ yeah~ ohh~ ohh

Chorus:

If you'll go we'll get there
All the things that we are dreamin'
Said ma love is so true
Still I'm here waiting for you

Baby you'll know, we'll get there
Believe me when I say
Cause all I want is you, I didn't lie to you

'Cause I am real
Ma love
Ma babe
Ma boo

Baby when you told me my love was so unfair
Even though you hurt me deeply, I still stayed by your
side
Cause I feel the magic of us that was sprinkled from up
above
I'm waiting for this time that you will come back in my
life~

Chorus:

If you'll go we'll get there
All the things that we are dreamin'
Said ma love is so true,
Still I'm here waitin' for you

Baby you'll know, we'll get there
Believe me when I say
Cause all I want is you, I didn't lie to you

'Cause I am real
Ma love
Ma babe
Ma boo

Come back if you wanna feel me
Then put your arms around me

I will never let it go
We gonna make up, ohh~ We~
That's ma heartbeat
You can hear it, feel it anytime
But couldn't we just talk it over
Just give me little time
I will make you talk to me the second time
Together I will show you how,
Baby no doubt...
It's true, It's real this time

Chorus:
If you'll go we'll get there
All the things that we are dreamin'
Said ma love is so true
Still I'm here waiting for you

Baby you'll know, we'll get there
Believe me when I say
'Cause all I want is you, I didn't lie to you

'Cause I am real
Ma love
Ma babe
Ma boo

RAP

Chorus:
If you'll go we'll get there
All the things that we are dreamin'
Said ma love is so true,
Still I'm here waiting for you
