A weightless endless word  
I float beneath the wake  
Every breath I take like oil in water  
The deeper you go, the harder to see the light  
IN the steel blue water  
Is there any order?  
Is there intelligence  
Or just indifference?

Do you really believe?  
Have you lost your mind?  
You're too naive  
Do you really believe?  
I'm waiting for the punch line  
You're too easy to deceive

She's so sure she's on her way to heaven...  
Perfect typecast in a televangelist's dream  
With open arms, welcome home Jimmy  
When the truth hurts, she's says it's just not true  
Will you spare me?

Now that you're saved who'll save you from yourself?

Do you really believe?  
It's your way or the highway  
Latitude you can't conceive

Hollow eyes, empty face  
Relaying lies with a clue no trace  
Ignorant inbreeding recipe  
Pious deception in every sense of the word  
I'm by no means a brain, no  
But someone's pulling something over you

They're a new power tribe  
With the numbers to bribe  
And I can't swallow what you're feeding  
A crusade in hypocrisy  
'Cause you can kill when he's not your creed  
Rules bent for your offering  
Charlie and Lucy's enough for me
