(Steinhauer/Blaha)

"The beginning - How the believers of the
dualist theory turned there backs on
catholicism and found their own methods of
embracing God..."

They started on a distant shore
The rich believing with the poor
Fighting, striving hard to seek
A higher power with something else to say

Spreading their belief
praying for a life

It's the perfect way
But to the church it's just called heresy

Heresy

Heretics, that and nothing more
Daring to renege on our gods law
It's wrong for them to feel this way

Detrimental for the soul
Help them through this time
Disregard these lies

They say the perfect way
But to the church it's just called heresy

Heresy

Yeah... Choose!

Cathars gaining more control
The choice is free, us or holy Rome

Join with us you'll see the light
We have a holy Right

It's the perfect way

But to the church it's just called heresy

Heresy

Heresy

Heresy

Choose!
