

## Paradox "Kill That Beast"

Massing on the borders  
All over this small world  
The big red bear is coming  
The big red flag unfurls  
Spreading mindless terror  
Through puppets the world wide  
No one really knows for shure  
Who is one whose side  
Kill...that beast!  
Kill...that beast!  
The bear is in San Salvador  
He's out in Cuba too  
He's marching on North Africa  
Is there nothing we can do  
See the eagle in his nest  
Not knowing who its master is  
Or is it all the man in power  
Or is it a disaster  
Kill...that beast!  
Stop...the spread!  
Kill...that beast!

Rushing through the danger zone  
Why can't you see  
There's something going wrong  
We have to move now  
We can't sit back  
Just like we have been  
Doing far too long  
We have the power  
Should we use it  
No mistakes now  
Don't abuse it  
Kill that beast!  
We saw it in Afghanistan  
We can't allow that to happen again  
If it doesn't stop now it never will  
We all just drown  
In the nuclear rain  
Nuclear rain  
We have the power  
Should we use it

No mistakes now  
Don't abuse it  
Kill that beast!  
Kill that beast!
