Mr. Bureaucracy can you control the air I breathe  
A broken democracy you won't control my sanity  
Mr. Bureaucracy can you control my privacy  
A state of security you can't control my mind it's free

I'm broken down by what I need freedom of choice not  
good for me  
My stomach hurts your hungry greed can't put me  
down I'm on my knees

Mr. Bureaucracy can you control my destiny  
The clothes I wear the food I eat the lies I'm told my  
self esteem  
Mr. Hypocrisy can you destroy my hopes and dreams  
A blindfold monopoly you can't destroy my mind it's  
free

I'm broken down by what I need freedom of choice not  
good for me  
My stomach hurts your hungry greed can't push me  
down I'm on my knees

It's better to stay down don't have to think for yourself  
It's better to play dumb don't have to prove yourself  
There's never a way out you gotta work for your debt  
It's better to break out you gotta free yourself

The government won't leave me alone, I'm tired and  
spent I'm tired and old  
The government won't leave me alone, I'm tired and  
spent just leave me  
Alone  
Leave me alone

I'm all jaded intimidated, My colour's faded I'm  
liberated  
Make me sad, make me beg, contents read, weighed  
and fed, I'm half dead  
Drained and bled  
It won't be long...
