A still life - a life still  
A new love - a new kill

Fascination for blood she'd  
A work of art in blood-red

No! No accusation  
Art is free - freedom of art!  
Gone is fascination  
The shiny red is fading away  
Colour the portrait in grey

A still love - a love still  
A sharp knife - a sharp will

Silent admiration, unheard, unseen  
Fantastic immolation, totally clean

No! No accusation  
Art is free - freedom of art!  
Gone is fascination  
The shiny red is fading away  
Colour the portrait in grey

Blood is red or is it grey  
It's not the same, it fades away

It gets forgotten, discreate  
Shadows fall, dissimulate

No! No accusation  
Art is free - freedom of art!  
Gone is fascination  
The shiny red is fading away  
Colour the portrait in grey

Colour the portrait in grey
